We Built It and They Came – We Did It Again

The Kenton Paw Park opened in July 2004 and was an instant success with the dogs and their owners in the Northern Kentucky area. The park offers 2 acres of fenced space for you and your canine friends to run and play. In May 2005 Phasell opened to the public. The additional 3.2 acres is adjacent to the first park. While the new park is open, it is not paid for. The money needed for construction came from a loan from a local businessman and must be repaid.

While the park is located in Pioneer Park, a county park, the park was built and is maintained through private donations. We need your donations to fund the expansion and enhance the Paw Park. Let's keep working together. Please fill out the donation form and return the bottom portion with your TAX DEDUCTIBLE donation to the address below.
